President Tod Allen Farmer gave the following recognitions, employee notices, and an enrollment report:

President's Report

a. Recognitions:

- The WC Phi Theta Kappa team who far surpassed the 2019 membership goal with an astounding 18.2% increase. This exceeded the regional average of 15.9%, the division average of 16%, and the international average of 15%.
- Brent Baker for chairing the college's COVID-19 Task
 Force. Proactive sanitation measures have been instituted across the institution, and good personal hygiene recommendations from the Center for Disease Control and World Health Organization have been communicated and posted on our campus website. We appreciate all the planning and proactive measures that have been put in place to enhance student safety.
- Weatherford College had 16 student athletes qualify for the NTJCAC Academic Team. Each recipient completed three semesters of college work with a minimum of 36 hours of courses that lead to a degree all while maintaining an accumulative grade point average of 3.25 or higher. WC qualified 9 baseball players, two women's basketball players, one men's basketball player, and four softball players. These students are demonstrating excellence both in the classroom and on the competition surfaces.
- Weatherford College choir students MiMi Farr, Jimmy Gray, and Keegan Odell were recently selected to the Texas Two-Year College All-State Choir. Congratulations on this significant accomplishment.

- Dr. Scott Tarnowieckyi and team recently hosted a highly successful 2nd Annual Interdisciplinary Conference.
 Approximately 425 people attended the two-day conference.
- A record number of 76 contestants have applied for the 2nd Annual International Piano Competition. The top 24 contestants will advance to the final round in the Alkek Performance Hall on April 25. Only in its second year, this event has already become one of the premier piano competitions in the country. Congratulations to master pianist, Dr. Hyeyoung Song and Dean Durrett.
- b. Employment Notices -

DMAC (Local) requires the College President to provide the names of contract employees that have resigned or retired since the last board meeting. In accordance with this policy, the following individuals have submitted resignations:

- Charlotte Mesina, Physical Therapy Instructor, Resignation effective 5/9/2020

Weatherford College Board of Trustees Consent Agenda

DATE: April 9, 2020 AGENDA ITEM: #4c

SUBJECT: Comprehensive Chatbot System for Increased Student Success #RFP-05-20

INFORMATION AND DISCUSSION: Weatherford College is seeking to purchase a Comprehensive Chatbot System for Increased Student Success for the purpose of improving student experience through enhanced communication, after hour availability, staff augmentation, and the capacity to improve the quality of information provided to our constituents through the analysis and refinement of the data that the system collects. A Request for Proposals (RFP) was sent out to interested companies on February 25, 2020 and returned at 2:00 p.m., March 13, 2020.

Three companies responded to the RFP for this web-based system, which included AdmitHub, Inc., Ivy.ia, Inc. and Ocelot, who all met the specifications. The selection process included a review of the proposals by members of the Selection Committee: Adam Finley, Ryan Dickerson and Greg Shrader.

According to Texas Education Code 44.0352, the district shall select the proposal that offers the best value to the district based on the published selection criteria and on its ranking evaluation. In determining the best value for the district, the district is not restricted to considering the price alone but may consider other factors stated in the selection criteria. The specifications contained established criteria explaining how each company would be evaluated, which included:

- System capability and functionality 40%
- Total cost of ownership including first three years of maintenance 25%
- Conversion, implementation and training 25%
- Continuing support services and product viability 10%

Based upon the evaluation of the criteria ranking and the justifications submitted by the selection committee, the members consider Ivy.ia, Inc. to represent the best value on the Comprehensive Chatbot System for Weatherford College due to their superior functionality as well as ability to integrate with our Colleague and Canvas systems at a cost of \$54,888.00 annually. The funds for the Chatbot System service have been allocated in the Student Services budget for 2019-2020.

RECOMMENDATION: That the Board of Trustees award proposal to vendor as presented along with authorization to enter into a contract with the vendor subject to General Council review and approval.

DATE: April 9, 2020 **AGENDA ITEM** #5.a.

SUBJECT: Guided Pathways Update/Numbers with Heart

INFORMATION AND DISCUSSION:

- Pathways Coaching Visit with Dr. Linda Garcia: Postponed; will reschedule.
- Pathways Activities Update:
 Highlights of things happening in the last 30 days.
 - o Moved all credit-generating courses and programs partially to fully online.
 - Created Answering Coyote Questions classroom in Canvas. Provides links for student services and for individuals who can help students with concerns.
 Includes a list of FAQs we are updating regularly to provide the latest information available.
 - Created Kase student concern tracking system. This system allows us to channel issues to the individuals best equipped to address student concerns. We handled approximately 130 calls on March 30. Given that we have 5,000 students, the rate of reports (circa 3%) suggests we started well.
 - Created Spanish language content for a variety of documents of importance to students and their families.
 - Created a network of employees working on social media to stay connected to our students. #WelcomeToOurDen! & #WeatherfordCollege.
 - Opened use of the Respondus lockdown browser appliance to students so they can test remotely. Also deploying Monitor, a video and audio capture system that allows us to virtually proctor exams.
 - Increased online tutoring and library services.
 - Created WiFi Café sites at Weatheford, Bridgeport, and Granbury facilities.
 Students can connect to WC WiFi using their student logins and passwords and work remotely, in safety, from their cars.
 - Created Check-in Advisor System to stay in touch with students who are working remotely. Check-in advisors began with students who had not been active in online courses on or immediately after the March 30 restart date to make sure these people stay connected and get the support they need to complete the term and their respective programs of study.

- Provided Screencast presentation capture system for faculty and staff who need to provide students robust, video-based content.
- Created and Implemented Instructional Continuity Plan. The plan improved our ability to assist and document the needs and actions of more than 250 faculty members and 50+ staff members as they worked to bring Weatherford College Academics and Student Services and over 700 courses online in one week.

Weatherford College Board of Trustees Report

DATE: April 9, 2020 **AGENDA ITEM** #5.b.

SUBJECT: Demand Study Update

INFORMATION AND DISCUSSION:

<u>Student Check-In Survey</u>: This survey ran March 25 through March 31. The ten-item instrument focused on student wellness (physical and mental), digital access and comfort, and the need for advising or counseling services. The survey got 1144 responses representing approximately 20% of all students.

PLEASE NOTE: While the Check-in survey has concluded, we continue to respond to student issues individually and add to the FAQ information using data collected from the new Kase management system for Student Services. Student communications are routed to service groups with specific foci who respond and log activity. Staff members use emails, texts, and phone communications as well as the FAQ site to answer student questions and concerns. We received more than 450 between 8:00 AM Monday, March 30, 2020, and 12:00 PM on Wednesday, April 1, 2020. Calls are being prioritized with immediate needs typically answered in less than ½ hour. All calls are responded to within 24 hours.

Positives -

- Greater than 92% said they were physically well and or receiving adequate medical attention.
- More than 96% indicated they had adequate food and a safe place to stay.
- More than 87% of respondents reported that they had reliable digital access.
- Most calls have been about online registration rather than frustration with classes or working online.

Disconnects –

- More than 23% said they were depressed, lonely, or scared, with less than 7% wanting to speak with a counselor.
- Greater than 22% expressed discomfort with online classes, but less than 11% wanted to talk with an advisor.
- Peak use occurred from 12 noon to 3 PM across all days.

Analysis: Survey results and comments suggested that while our students were generally well prepared for the migration to distance interactions for all college-related activities, there remained serious concerns for individuals within our community. We must focus on individuals and their needs understanding that some individual concerns have common roots.

Actions:

- Timely responses to those who sought counseling and advising assistance.
- The creation of an FAQ page for students Answering Coyote Questions.
- The establishment of a quantitative base to anticipate student traffic patterns online.
- Phone bank responding to student calls, mainly help with advising and registration.

Online Migration:

- 700 face-to-face and hybrid courses moved online; 185 online courses were modified to accommodate fully-online completion.
- 197 face-to-face courses at ECG, ECMW, WCWC moved online.
- 147 face-to-face courses hosted at area high schools (dual credit) are moving online.
- 356 face-to-face courses at the Weatherford Campus have been moved online.

Canvas Participation Check:

- Spring Classes Start Monday, 01-13-2020: 4,541 participations 185,021 page views
- Mid-semester Monday, 03-02-2020: 2,565 participations 111,062 page views
- Friday before Spring Break, 03-13-2020
 1,352 participations 44,634 page views
- Monday after Spring Break, 03-23-2020
 1,387 participations 61,747 page views
- Spring Classes Resume Monday, 03-30-20205,606 participations 206,321 page views
- Between 12:00 AM on Monday, 03-30-2020 and 12:00 PM on Wednesday, 04-01-2020, 280 individuals identified as teachers had logged into Canvas.
- Between Tuesday, March 31, 2020, and Wednesday, 04-01-2020, 5858 individuals identified as students had logged into Canvas.

PLEASE NOTE: Login is continuous while the Canvas system remains open.

Analysis:

Data from the Canvas system indicated that nearly all faculty members and students involved in credit hour generating courses in the Spring 2020 term have been active in the system.

Actions:

We are now working to track those who have not become active as well as those who are becoming inactive after the initial login. Faculty monitor student activity within their courses while the administration works to identify students at risk from a systemic view. We put our staff members to work using a new Check-in process, connecting with students who are not active in their courses. We are scaling the Check-in process to include more staff members to establish ongoing, one-to-one contact with each student.
