

WC Summer Loan 2023

I am requesting student loan funds for the summer 2023.

Loans are contingent upon:

- Financial eligibility;
- Completion of FAFSA for the academic year 2022-2023;
- Consideration of annual/aggregate loans already used at WC and any other schools attended;
- Completed Entrance Counseling;
- And completion of an EMPN if applicable (www.studentaid.gov to complete these requirements).

I understand that I must be enrolled in at least 6 payable* hours over the course of the summer in order to qualify for this money. If I am refunded my summer loan and later add other summer courses I understand that I am responsible for payment of the additional hours and will not receive additional loan funds.

- I will receive an offer of the maximum amount allowed for summer based on the eligibility parameters listed above**. I will have to log into my student portal (Coyote Connect) to accept, lower or decline the offered summer loan funds.

By signing below, I certify that I understand I am requesting loan funds that must be repaid once I am no longer enrolled in school for at least ½-time. Please allow up to one week from submission for loan to show on Coyote Connect account.

STUDENT SIGNATURE

DATE

PRINTED NAME

STUDENT ID

*payable hours must go toward a degree/certificate, do not include three-peat or some developmental only hours. Enrollment in programs that do not require summer attendance will not receive financial aid of any type, including loans. Check with aid office for clarification.

**amount of award is subject to change without notice if student uses additional loan money at another institution before the summer at WC, based on COD information.

Return form to any WC location or mail to:

Weatherford College Financial Aid Office
225 College Park Drive

Or scan and email to docs@wc.edu
